# *From the Desk of Club Editor " REFLECTIONS"*

Dear Club members,

Good old Hollywood movie comes to mind this month "Come September". Well September needs to be remembered as Education & Literacy month. Very few of us Rotarians might know that thru the TEACH program between country's Rotary Clubs & Govt have scaled up Literacy efforts even in this pandemic time by reaching 100 million children thru e-learning! Infact thru Literacy plays major roll in alleviating poverty, improving health & promoting peace!

It's rightly said that even an army cannot fight on empty stomachs, then how can a major portion of poor migrant & unprivileged poorly fed population in slums can raise our nation to prosperity. Our club thru a self thought project "Maa ki Rasoi" in pandemic times of IPP Mukesh Agarwal is being carried forward with even greater vigor. This month we had two of them! In recent years our club has focused on adopting quite a number of Rotract Clubs. This month again we had two weekly meetings dedicated to two of such clubs. These youth when they will join Rotary would be half trained as potential Rotarians, later in their lives.

With God's grace as we're getting out of appalling Covid 19 shadow, Rotarian families were itching for more of Get-togethers ofcourse with precautions intact. Such was the opportunity thought of by our Pres S.B. & Sec Mani for fun & frolic at World Of My Bar at C.P. at fag end of month. It was as if nostalgic youthful days were back for all. Then lo & behold what a brilliant idea conceived as the newly wed couples sons/daughters of our Rotary parents were brought to stage with mesmerizing light & music in the back ground. What a ecstacy for not only newly weds but their parents as they bereft of Rotarians presence because of Covid protocols at weddings!

Two new members were also welcomed. Members should now welcome the decision of combining ladies & gents fellowship groups. It's an old saying "presence of ladies turn men into gentlemen"

with warm regards
